PROSPERITY HERE; NEED MORE HOUSES

1,500 Men at Torpedo Plant Will Soon Have to Be Accommodated.

HOUSES ARE NEEDED

With Torpedo Station and Virginia Shipbuilding Permanent Institutions City's Prosperity Assured

The future success of Alexandria is now assured. With the opening of the naval station for the assembling of torpedoes this city will have its first big government enterprise which will give employment, as already told in the Gazette, to a maximum of 1500 men. This together with the big plant of the Virginia Shipbuilding Corporation, which employs more than 2,000 men, means that Alexandria's future success is now assured.

The city soon will have a big permanent population just as soon as the men who will be employed at the torpedo station secure houses.

The need of houses is the thing just now worrying not only the government authorities but others as well.

It is hoped that the business men of Alexandria will soon get together and construct a sufficient number of modern houses to meet the demands.

Those who will erect them need not have fear that they will not be taken. The men who are coming to Alexandria, most of whom have families need houses and already many are anxious to buy homes.

Now that the affairs of the city are on a firm and substantial basis there is no good reason why the citizens should not get together and help Alexandria push forward. Unless something is done to relieve the situation these men will have to go beyond the city for homes and as a result their trade will be lost to Alexandria.

BOYS' NIGHT MONDAY

Community Center Already Actively at Work for Fife and Drum Corps

Monday night will be boys' night at the Community Center. Boys between 12 and 16 are urged to attend this session, as activities for the winter months are due to get started.

It is also planned to get the boy scouts started again, and Richard Caine will address the youngsters. Frank S. Marsh, community organizer, will also handle the youngsters. Mr. Marsh is an experienced play ground and recreation worker, having had charge of the play grounds at San Diego, Cal., for ten years, prior to the war, when he answered the call of War Camp Community Service.

Plans will be discussed Monday night for the formation of a fife and drum crops, also a drill team, for the younger boys.

Every Alexandria youngster under sixteen should attend this meeting.

VIRGINIA SYNOD ADJOURNS

Report Shows Women's Societies Have Given Gifts of $72,227

Charlottesville, Va., Nov. 15.—The 132d session of the Synod of Virginia adjourned yesterday afternoon, the time of the next meeting being left to a committee. Invitations were received from Waynesboro, Petersburg and Fredericksburg. The memorial services in honor of ministers who died during the year were presided over by Dr. John Lee Alison, of Alexanria.

The report of Miss Cine Haislip, secretary of the woman's auxilary, showed that the women of the synod had given through their societies $72,227 for the regular causes of the church and Red Cross.

FALLS TO DEATH IN RIVER FROM CAR

Charles Marshall, Colored, Meets Death in the Potomac.

WAS ON FREIGHT CAR

Fell Into Seven Feet of Water and Head Buried in Mud—Coroner's Jury Investigating Case.

Charles Marshall, colored, 22 years old, who was employed on the freight car of the Washington-Virginia Railway Company, met with a peculiar death at 5 o'clock yesterday afternoon when he fell from the side door of the car as it crossed the electric railway bridge over Hunting Creek and was drowned.

Marshall evidentally was looking out of the door of the car and became dizzy at the sight of the water and tumbled in. He went in about seven feet of water, his head being buried in the mud. There were no bruises about the head to show that he was knocked off by coming in contact with a pole.

The body was brought to Wheatley's mortuary chapel and prepared for burial.

The deceased had been employed on the road for several months past. Edward Groves was motorman of the car which was going to Mt. Vernon.

A coroner's jury scummoned by Dr. T. M. Jones convened at three o'clock this afternoon at Wheatley's chapel and is hearing the testimony of the witnesses to the accident.

FOR EPISCOPAL CAMPAIGN

J. Stewart Bryan Will Speak at St. Paul's Church Tomorrow Night

One of the themes J. Stewart Bryan will speak on tomorrow night at 8 o'clock at St. Paul's church is "Social Service." The following is taken from the "Daily Progress" Charlottesville, Va.:

"Social Service is a new name for a very old work. It means getting on their feet your unfortunate fellow men and women. It means helping the deserving and undeserving. This means everyone within reach of your personal radius. Don't try to pick out only the deserving, because if you do you will get so balled up you will stall your energies. Be like the rain. It falls on the just and unjust. Suppose it only fell on the just. Goodness, you know what would happen. The wells, springs, rivers and lakes would naturally dry up because there would be so little water fall. The rain, however, tries to do good generally, so does not discriminate.

Social Service is exacting. It disturbs radically the old order of things. The mere mention of it puts some people in a blue funk or a rage. Sometimes it puts them in both at once. A long time ago St. Stephen told the high priest and those about him that their little church of stone and wood was not the whole show. In fact, he intimated to them that it was not even a first class side show. He told them that God had made the entire Universe and that the real church and its work was without and not within any certain set of walls. This made a lot of the select pew-holders so mad they put Stephen to death.

Social Service gives you a chance to be a community asset. It gives you a chance to put the plus sign behind your personality. It is God's work for both clergy and laymen. Most people like to be identified with success, to be on the winning side so to speak. It is a pretty safe bet that the Lord's side is coming out on top, so don't miss an opportunity that is begging you to take hold.

RITES FOR SENATOR

Congress Represented at Funeral Services at Charlottesville

Charlottesville, Va., Nov. 15.—In the presence of a distinguished gathering, funeral service for the late United States Senator Thomas Staples Martin were held yesterday afternoon in the gothic chapel at the University of Virginia. Hundreds of persons were unable to gain admittance to the edifice.

The services for the burial of the dead were read by the Rev. Beverly D. Tucker, Jr., son of Bishop Tucker, rector of St. Paul's Episcopal Church at the university. During the services, business houses in the city closed and lectures at the university were suspended.

A special train from Washington, arriving at 2 o'clock, brought the special committees from the Senate and House, who were designated to attend the funeral, and many others. The party inciuded Vice President Marshall, Secretary of the Treasury Carter Glass, Thomas Nelson Page, former Ambassador to Italy; Judge Graham, of the Court of Claims; fromer Senator Willard Saulsbury, of Delaware; 33 senators, 16 representatives and a number of Senate attaches. Another special train from Richmond brought many prominent Virginians and State officials.

The chancel space at the chapel was covered with floral tributes, which included a handsome design sent by Virginia congressmen.

The active pallbearers were: Senator Claude A. Swanson, Representative H. D. Flood, Norman R. Hamilton, collector of the port at Norfolk; Henry T. Wickham, Col. Joseph Button and Fred Scott, of Richmond; Dr. Joseph Blair, of Scottsville, and George R. D. Mcvie, of Charlottesville.

The honorary pallbearers included the committeemen of the Senate and House, State officials, faculty of the University of Virginia and members of John Bowie Strange Camp, Confederate Veterans. Several hundred persons accompanied the body to the University Cemetery, where the service was concluded.

After the burial a few senators and representatives visited Senator Martin's residence. Others visited the grounds of the university until their train departed at 6 o'clock.

HOUSE YIELDS TO LABOR

Adopts Unions' Plan for Voluntary Conciliation of Deputies

Washington, Nov. 15.—Railway workers scored a complete victory in the House yesterday through incorporation of their plan for voluntary conciliation of labor disputes in the Esch railroad bill. The House rejected a plan of compulsory arbitration including an antistrike provision, and also the plan written into the bill by the House Interstate Commerce Committee, which was described as a 'middle ground" between that adopted and compulsory arbitration. No direct vote on the antistrike proposal was taken.

On both votes the proponents of the union's plan won by large majorities.

Bible Class Meeting Monday Night

The Westminster Bible Class and Club of the Second Presbyterian Church will have a get-to-gether meeting next Monday evening, November 17th, at 8 o'clock in the Westminster Building. There will be 100 present and refreshments will be served. The special speaker will be Rev. Dr. J. B. Clark, pastor of First Presbyterian Church, of Washington, D. C.

CROSSES U. S. IN FOUR YEARS

Bristol, Va., Nov. 15.—Miss Tingle Dale, of Seattle, Washington, riding her horse and accompanied by her little dog, left here Wednesday on the last lap of a trip from Seattle to Washington, D. C., which has carried her over a distance of 4,000 miles.

GOVERNMENT IS READY TO DIG COAL

Administration Demands That Coal Strike Be Settled.

HOLDING UP OF SHIPS

Lewis, Confronted by Radical Miners, is Slow to Make Concessions to Operators.

The Administration is prepared to demand that the coal strike controversy be settled before the conference between miners and operators adjourns.

Failure of negotiations, with the consequent flaming up of the strike spirit among the miners, will not be permitted, and the Government is ready to "dig coal for the people" under its own control if the contending factions reach the blind-alley of a deadlock.

The first proposal coming before the conference today is whether union and non-union coal fields alike are to come within the scope of the conference. Secretary of Labor Wilson's invitation extended to all operators, and he submitted three plans of negotiations to the two factions yesterday which will be approved or disapporved by them today.

The Government, it is said is anxious primarily for getting the mines in running order again. Hundreds of ships, loaded with food and clothing for Europe, are tied up in ports for lack of coal, they say. The fact that few miners are returning to work, the growing agitation in certain mining sections, and the threat of a fuelless winter, are all questions which prompt the Government to urge speed.

On the other hand, operators and miners, suspicious of each other, because of alleged broken faiths, hesitate to hurry for fear of jeopardizing their interests by hasty decisions.

Lewis confronted with the opposition of radicals among the United Mine Workers' ranks, feel his position keenly. Any concession to the operators in the miners' demands is sure to be seized upon in an effort to bring about the miner leaders downfall.

EPISCOPAL NATION WIDE DRIVE

Richmond, Va., Nov. 15.—The commission appointed by the General Convention of the Episcopal Church to carry forward the plans of the Nation-Wide Campaign has issued an appeal to the clergy and laity of the Diocese of Virginia urging upon them the need of extra-ordinary effort in the prosecution of the campaign. The commission, of which Oliver J. Sands of this city is a member, has just closed a two-day session in New York.

In its letter to the churchmen of Virginia, the commission says: "If the Church is to do its large part in this age of reconstruction it must engage the unfailing interest and support of its member. It has become increasingly evident that in the present grave world situation we need to command every resource and employ every agency we have, that our Church may not in this time of crisis fail to meet its highest obligation."

LID OFF IN KENTUCKY

Louisville, Nov. 15.—For the first time since July 1, when wartime prohibition went into effect, whisky openly was sold in Louisville Thursday without interference by the Federal authorities.

The sales were made by two Louisville distillers from their tax-paid floor stocks under the protection of a temporary injunction issued by Federal Judge Walter Evans, but in the face of a Government warning that if the Supreme Court finds wartime prohibition constitutional, prosecutions were possible.

PROSPECTS BRIGHTER

Baptist Nation Wide Drive in Virginia Looks Like Victory

(Special to Gazette)

Richmond, Nov. 15.—As the time for taking pledges in the Baptist seventy-five million campaign draws near the prospects grow brighter for Virginia not only going over the top but greatly exceeding its apportionment of seven million. From many sources information has come to the director of publicity of deepening interest and a determination to do great things during victory week commencing November thirtieth. Already a number of country churches which had local conditions making it desirable to take pledges early have gone over the top, and even doubled what was expected of them. Liberty Church of Appomattox took pledges last Sunday aggregating twenty-seven thousand seven hundred and eighty dollars. The full apportionment and only a part of the membership has been canvassed. A farmer in Petersburg gave three thousand dollars in government bonds although he is not a church member. At the general association to meet in Lynchburg beginning November 18th, campaign addresses will be made by Commissioner George W. McDaniel, Dr. E. Y. Mullens and President W. J. McGlothlin. Although it is announced Dr. Geo. W. Truett cannot be present it is expected that thrilling addresses will be made and the campaign put forward in a large way. The success of the seventy-five million campaign will be due in large degree to the activities of christian laymen and women who are backing up the pastors and associational organizers. Publicity directors, church ganizers, team captains, boosters four four minute speakers. Thousands of the best men and women in the eleven hundred Baptist Churches are working heroically and will give sacrifically.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

Mrs. Carroll Ashby, of Canada, is on a visit to her former home in this city.

Mrs. John Ward, of Philadelphia, has returned after a visit to Mrs. George Kaus, in North Washington street.

It is reported that Councilman W. W. McCaffrey contemplates running for the office of mayor in the primary next spring.

Mr. Charles Roberts, of Washington, D. C., will speak at Grace Church tomorrow morning, at 11 o'clock, on the Nation Wide Campaign.

Mr. and Mrs. Harry Hammond have returned from New York where Mr. Hammond attended a meeting of the Eastern Ice Manufacturers' Association.

Mrs. Lulie G. King, of Goucher College, Baltimore, will talk of her experience in France during the war, this evening at 8 o'clock at Lee Camp Hall.

The Seamen Gunners eleven will tackle the strong team known as the Dreadnaughts in a game which will be played at 3 o'clock tomorrow afternoon at the shipyard.

A. M. Shuman and Marshall Shuman have just returned from a successful hunting trip to Shumansville, Va. Marshal Shuman spent the past week-end in Richmond.

Through an error in the Gazette yesterday afternoon the price of steak advertised by Allen Brothers would have read twenty-five cents per pound instead of twenty cents.

At the meeting of the Synod of Virginia held recently in Charlottesville the goal set for Christian endeavors was fixed at one million and other benevolences at $700,000.

The thirty-first and thirty-second degrees of the order last night were conferred on a class of about forty candidates by the Scottish Rite Masons of this city. The exemplification of the degree was witnessed by a large gathering of members of that rite.

Many of the baseball and football players of the city are glad to know that Charles W. Swan, formerly sporting editor of the Washington Herald is located in Alexandria with the Community Service, and many of his friends called on him last night at that place.

The Community Center reecived a large Ampheola talking machine yesterday, which was the delight of the big crowd at the center last night. The machine was kindly loaned by J. Reimers and Son, of Washington. All who saw the machine last night voted it the last word in talking machines.

The Virginia Athletic Club held an important meeting last night in its club room at the Community Center, and a blackboard talk in preparation for the game tomorrow in Washington with the Mohawk Athletic Club was held. There will be another meeting tonight after signal practice. All members are requested to be on hand.

The first meeting of the Community Center entertainers was held last night at the center, with a goodly representation of the younger folks of Alexandria in attendance. Another meeting will be held Monday night at the center at eight o'clock. All interested in amateur theatricals are urged to attend.

The Girls' Friendly Society of St. Paul's Church will give a moving picture entertainment at the Norton Memorial building Friday evening, November 21st, at 8:00 p. m. Girls of the "teen" age of the Sunday Schools are invited to come and bring their teachers and girl friends. The Alexandria Sunday School parade will be shown for the first time. Come and see yourself and friends on the screen. There will be no admission fee, but a silver offering to help defray expenses.

RACHEL WEEPING FOR HER CHILDREN

The newspapers of the larger cities are publishing extracts from addresses now being made by persons who have visited the famine-strickens sections of the old world where thousands of the Jewish race are famishing for want of the necessities of life. It is one of the most dismal periods the house of Israel has experienced in its long history, and appeals for aid now being made not only by Hebrews, but by Gentiles also who are vieing with them, should not fall upon dead ears. As has ever been the case during universal disorders and commotions, the Jewish people have been placed between the upper and nether millstones. During the late war they were the anvil first of one horde of conquerors and then the other in Galicia. Such terrible experience has left millions homeless, ragged and hungry. Little ones are dying by the thousands.

That Jewish children are blind from hunger and that 15,000 of them are unable to obtain even one meal a day, were the principal points made by Jacob Billikopf, executive director of the Federation of Jewish Charities, who has just returned from an investigation of several months in Poland, in his address before the Jewish Relief Committees in Philadelphia.

"In Vilna," he said, "formerly a city of 90,000 Jews, and now with a population of about 43,000 Jews children up to 5, 6 and 7 years of age are unable to walk because of malnutrition, and there are 15,000 applicants from among school children, for one meal a day, that cannot be satisfied. Because of hunger they are suffering from 'hen-sickness,' or loss of sight in the daytime, and in many of the orphanages, five and six sleep in a wooden bed without bedding.

"In the pogroms which I witnessed in Poland, beards were chopped from the faces of venerable Jews, tombstones broken in the graveyards where the victims were buried and a reign of terror established among the Jews."

A statement made public in Baltimore this week says in part:

"For five years the Jews of Poland and Eastern Europe have been ground between contending forces. Great armies have fought over their homes until in many cases nothing remains. Bolshevist upheavals have swept over the land, wiping out the mines and factories and putting an end to all industry. These people are facing starvation. Thousands already have starved to death.

"In some communities the children have been gathered in orphanages and all the food is being given to them, while the grown folks and the old folks are allowed to starve to death. Their clothes are tattered. They face a rigorous winter with no hope except from America.

The so-called meal is 1,000 bowls of soup, made from a pound of beef and five pounds of beans. A bowl of soup with a bit of bread makes a meal.

"Practically every gift means a life."

WARNING TO DIPSOMANIACS

One of the Washington papers yesterday told of several instances in which men had been made totally blind from the use of wood alcohol and other ingredients which enter into the formula of certain potions now being sold in the guise of inoxicants.

The verdict of Livingston County, N. Y, coroner, John C. Preston, on the death of George Bly one day this week gave acute alcoholism as the cause. According to information furnished the county authorities, Bly, in the scarcity of ordinary alcoholic beverages, had taken quantities of skin tonic, lemon extract, Jamaica ginger and denatured alcohol.

In the Alexandria Police Court recently, suspicious potions have been taken from the pockets of "drunks" after they had been arrested. A man whose weak point is drink was arraigned about 2 weeks ago. He had half a gallon of wood alcohol in his possession at the time. Paralysis has been caused in a number of cases by the use of dangerous drinks.

It is said that barbers in this city keep their eyes wide open when certain men enter for tonsorial treatment, lest they carry away hair tonics and other preparations used in the business.

A REMINDER

(Communicated)

In the many activities of our city, in which the citizens, men and women, have been and are so earnestly engaged, very little notice in our secular papers has been given to the most important religious movements of the day—I refer to the Nation-Wide Campaign of the Episcopal Church, throughout the State of Virginia and America. Properly speaking, America comes first, but the heart of every Virginian throbs with the consciousness of the landing at Jamestown, and all feel that in upholding the flag of our forefathers we are also upholding the Church. The Church appeals as did the Nation for patriotic devotion in the time of need.

"The Church cause calls for the deepest thought, the maturest reflection, the most earnest and eager imagination of the strongest and ablest men and women. Is it not a task for statesmanship to see what the evils are in the civilization of the non-Christian nations, what are the perils there if they grow into their increasing power with pagan principles, what the chances are for the power of Christianity to be so applied in wise and right missionary endeavor as to make those nations grow into allies and not into enemies, of all that we hold to the best in the life of the world?"—(A Churchwoman.

WORTHY TRIBUTES

Several years ago, the Chamber of Commerce of this city gave a banquet in Armory Hall. Among the guests were Senators Money and Bailey. The latter in the course of his remarks referred to a movement then in progress to retrocede Alexandria to the District of Columbia. Among other things he said: "If Washington can't get along without Alexandria, let Alexandria annex Washington."

Senator Bailey made pleasant references to Senator Martin, who had been prevented from attending the banquet. He said: "Tom Martin has the least to say but does more work than any member of the upper branch of Congress."

The Philadelphia Inquirer in its editorial upon the late Senator says:

"The late Senator Martin seldom spoke in the chamber, yet he was the recognized leader of his party on the floor and was trusted for his wisdom and political shrewdness. This shows that it is not alone oratory which counts in the Senate, not even participation in debate, but it must be admitted that Senator Martin's career was unusual. He belonged to the old school of practical politicians who did not hunt office with a brass band.

It can be said for the late Senator that the Democrats owed him much. He took the leadership of the Virginia Democracy at a time when it was shattered by the readjuster movement and when it seemed likely to go into desuetude. This capacity for partisan management was what made the Senator strong with many leaders of public thought."

BOY KILLS GIRL

Children Drag Loaded Shotgun From Closet in Home

Scranton, Pa., Nov. 15.—Five year old Joseph Petrone shot and killed his cousin, Mary Petrone, 9, while the two were playing with a shotgun in the boy's home at Archbald.

The two children dragged the big gun from a closet and carried it to the kitchen. In some manner the weapon was discharged while the boy was holding it and the shot struck the girl nearly blowing her head off.

The Best Remedy For Unrest

Strikes and riots and revolutions are not as bad in themselves as are the conditions of which they are the symptoms.

What the world needs above everything else today is the saving gospel of Jesus Christ applied in the lives of individuals and nations.

Such an application will insure an adequate wage for labor, a square deal for capital and a spirit of true brotherhood among all men everywhere. The

Baptist 75 Million Campaign

is the plan of the Southern Baptists to apply this remedy more intensively at home and throughout the world.

Cash and 5-year pledges will be sought during

IS IT "JUST A COLD?"

Alexandria People Should Ask Themselves This Question.

Don't say: "It's just a cold."

It may turn into backache, rheumatic aches, achy joints.

Or other serious sickness that comes from weak kidneys.

Colds are due to congestion.

Congestion makes the kidneys overwork to filter the blood.

Colds often leave the kidneys weak.

First break the cold;

Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Alexandria resident tell you about them.

Mrs. Walker Campbell, 707 Pendleton St., says: "I caught a cold and it settled in my kidneys. I had such pains I could hardly catch my breath sometimes. When I bent over it was hard to straighten again, the pain was so bad. My kidneys acted very irregularly especially at night. I got Doan's Kidney Pills at Duncan's Drug Store and took them according to directions. I was entirely cured and, thought that was over two years ago, I have had no return of kidney trouble since."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Campbell had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

TERRIBLY SWOLLEN

Suffering Described as Torture Relieved by Black-Draught

Rossville, Ga—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would catch me, and I got so I castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be decribed as torture.

I sent and bought Thedford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedford's Black-Draught."

Thedford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

Keep Coughs and Grippy Colds Away

During the "Flu" epidemic a year ago thousands were safeguarded by taking Chasco-Vin, a tasteless Cod Liver-Hypophosphites and Iron Compound, an old formula that has been prescribed by the best physicians for centuries.

Chasco-Vin puts the system in tone and keeps it so and that is what counts in keeping away al kinds of sicknes.

Those who are weak and run-down especially need Chasco-Vin. Get a bottle today and enjoy your meals, your rest and the winter time.

There is only one Chasco-Vin agent in Alexandria, Right Warfield, Jr., King and Pitt Streets.

Warning! More INFLUENZA

You may be the next stricken—Build Up Your Strength Now with Pepsinol

THE health commissioner of one of America's largest cities has issued a warning that another Influenza epidemic is coming! He has advised the people of his city to guard their health—to build up their strength. The warning has been echoed by medical authorities throughout the nation. Every man and woman in America should heed this warning.

Pepsinol is a marvelous strength-builder. It is reconstructive, restorative tonic that will fortify you against disease. It acts quickly on the blood, the nerves and the tissues, giving the whole constitution the strength to throw off disease. Pepsinol renews the power of every vital organ that's subject to attack by that dread scourge—Influenza. It's the greatest general conditioner that you can get, whether you live in country or city.

Influenza, the horrible disease which took fully 500,000 American lives in the last epidemic, strikes all ages. Last year it was particularly fatal to those between 25 and 45, fifty per cent of all deaths being in that group, according to the most reliable statistics. No drug that will cure Influenza has ever been found. The safest way, the surest precaution, is to build up the general health and refresh your vitality. Pepsinol will help you do this.

Influenza is not only particularly fatal, but its after-effects on those who recover are most serious. Pneumonia, tuberculosis, heart trouble, constitutional and muscular weakness frequently develop long after all danger seems over. Some cases of insanity are laid to Influenza poisoning. It not only weakens physical stamina, but also destroys the vitality of the nerves.

Influenza is threatening you, unless you have the strength that makes you safe. It's near at hand, ready to attack you at the first favorable opportunity. Its opportunity comes when you are weak, nervous, run down, exhausted. Build up your strength quickly.

Pepsinol, the world-famous tonic, is what you need for strength. You need its Stomach-Toning, Nerve-Refreshing, Tissue-Building qualities. Pepsinol makes the weak and feeble robust and strong. It invigorates the appetite for good, nourishing food that is transformed into heat and energy through thorough digestion. It soothes and refreshes the nerves, giving them vitality that they need to ward off the debilitating shocks of disease.

Be sure that another epidemic of Influenza does not find you unprepared. Get the strength that you need, if you would successfully combat this disease. Pepsinol is recommended by high-class physicians and specialists because its ingredients, selected for their purity, are especially adapted to the needs of the human system, to relieve stomach trouble, help the nerves and renew your strength. Its gentle laxative qualities make the digestive organs function properly and keep the system cleansed of the intestinal poisons that destroy physical energy.

Genuine Pepsinol is made only by The Peplax Medicine Company, Memphis, Tenn., and is strictly in accordance with the standards of the U. S. Pharmacopoeia. You may get Pepsinol from the anthorized Pepsinol agent in your community.

Cleveland Six

The Distinctive Car of the Year

In hundreds of cities and towns from coast to coast, crowds—literally crowds—have viewed the new Cleveland Six, admired it and proclaimed it the distinctive car of the year in Motordom, a car certain to dominate its field.

Dealers drove their sample cars from the factory, hundreds of them, across any and every kind of roads and long distances, and in every letter and wire reporting those trips there was a ringing note of delight, exultation and satisfaction. The Cleveland Six was everything and more than they had expected. And, knowing the men responsible for it and building it, they had expected much.

The Cleveland Six brings the same report from those buyers who have been fortunate enough to secure early deliveries. They write of its power which takes the loaded car flying over hills. They write of its flexibility, how quickly it steps out to speed. And they write of its comfort. Many say it is the easiest riding car they have ever sat in. All praise the beauty of the car, its graceful, dignified lines and the excellence of its finish. The Cleveland Six touring car, seating five, and the roadster, seating three, are upholstered in the best quality heavy hand-buffed leather and all equipment and fittings are of like character. The price is only $1385, f. o. b. factory.

FROZEN SOLDIERS FOUND

Geneva, Nov. 15.—The frozen bodies of several Austrian artillerymen, perfectly preserved, have been discovered by St. Bernard dogs in an Alpine trench, near the summit of Stelvio, Pass, about 10,000 feet above sea level.

It is believed that a whole battery was buried in the deep snow. Searching parties already have uncovered seven bodies.

MOTHER AND SON HELD

Americus, Ga., Nov. 15.—Samuel G. Duckworth and his mother, Mrs. Sallie Duckworth, were placed in jail here Thursday after the body of Mrs. Samuel G. Duckworth was found in a well at their home near her.

The woman's throat had been cut from ear to ear and the body was badly bruised. Signs of a struggle also were in evidence around the well curbing, which was bespattered with blood.

A copper worm was found inside the Duckworth home, officers said, and in a field nearby a still to which the worm belonged. They are working on the theory that illicit liquor making was the cause of the tragedy. Sidney Ware, a negro, was ordered held as a material witness in the case. The defendants deny any connection with the affair.

When Wares' wife asked early Thursday where the younger Mrs. Duckworth was she said the older woman replied: "I heard the well chain rattle; maybe she's in there." The negress became frightened and started the search that ended with the finding of the body.

The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.

Catarrh Is a Real Enemy and Requires Vigorous Treatment

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Get a bottle of S. S. S. today, and commence a treatment that has been praised by sufferers for nearly half a century.

S. S. S. gets right at the source of Catarrh and gives satisfactory results. For special medical advice free regarding your own case, address Medical Director, 51 Swift Laboratory, Atlanta, Ga.

READY FOR I. W. W's.

Authorities, Armed, Await Invasion at Centralia, Washington

Centralia, Wash., Nov. 15.—A report from Spokane last night said that more than 1,000 I. W. W.'s had threatened an invasion of the town. Former service men were being armed to meet the agitators if they appeared.

The machinery of law and order has been set in motion throughout the Northwest to suppress the I. W. W. agitators and radicals who were held responsible for the slaying of four former service men during the armistice day celebration here.

Civil authorities and offcers of the law are mobilizing their forces for a drive against enemies of the government.

Reports were received from a score of towns that I. W. W. headquarters had been raided and literature seized. Hundreds of arrests have been made in cities and towns through the Northwest since the outrage here.

Ten I. W. W.'s arrested following the assassinations here Tuesday were formally charged with murder in the first degree today. All but one, it was said, are in custody. The man being sought is Bert Bland. It is believed he has fled the State and his description was sent broad cast throughout the country.

CONDITIONS AT THE MINES

No Coal in Quantity Produced Yesterday—Amount in Sight Decreasing

Chicago, Nov. 15.—No coal in quantity was produced by the mines of the country yesterday according to reports received here. The miners showed no disposition to return to work. The operators were pessimistic and feared the Washington conference would not bring a settlement that would enable them to reopen the mines.

The amount of coal in sight was rapidly decreasing and the situation in Chicago was so serious that rationing was restored. The order affected State and county departments and institutions and public utilities.

Andrew T. Murphy, editor of Black Diamond, said reports received by him from correspondents throughout the country showed there had been no response by the miners to the call of operators to go to work. He said no attempt had been made to operate with non-union miners.
